Organization and History: InterAct is organized into three primary service areas: Client Services, Residential Counseling Program, and Community Relations. The work of InterAct is made possible through the dedication of more than 150 volunteers and over 40 employees.

Formed in 1984, the agency was created by the merger of three organizations dedicated to victims of domestic violence, victims of rape, and to the prevention of child abuse. As a consolidated agency, InterAct is able to reach more people, at less expense to the community. The agency is a private non-profit 501(c)(3) organization and is funded by the generous support of the Triangle United Way, businesses, foundations, civic and faith communities, dedicated individuals and local, state and national grants.
